PROJECTS

Internpluss | [LINK](#)

October 2023 -present

- Bulding InternPluss, a student-focused platform connecting learners with internship and project opportunities across tech domains.
- Led a cross-functional team handling product design, development, marketing, and client outreach.
- Built the official InternPluss web platform ensuring seamless internship listings and student registrations.
- Designed and implemented a secure authentication system and a responsive UI/UX optimized for mobile and desktop
- Managed partnerships with college networks and early-stage startups, expanding user base by X%+ (replace with your actual or estimated number).
- Oversaw project management, code reviews, and deployment pipelines, ensuring high-quality deliverables within deadlines.
- Handled business strategy, branding, and social media presence, leading to measurable engagement growth.
- Conducted market research and implemented features based on real user feedback to improve retention and usability.

CERTIFICATES

100xDevs by Harkirat Singh – Full Stack Web Development | [CERTIFICATE](#)

october 2025

- Completed intensive full-stack web development training covering JavaScript, React.js, Node.js, Express, MongoDB, and TypeScript..
- Built and deployed multiple real-world projects using Next.js, TailwindCSS, and REST/GraphQL APIs.
- Learned backend authentication, JWT, middleware, database design, and API security best practices.
- Developed a strong foundation in frontend architecture, component-based design, and state management (React Hooks, Context API, Redux)
- Implemented CI/CD, Git version control, and Docker for efficient development workflows.

Achievements

- National 1st Prize – SHODHOTSAV 2024, National Research Ideation Fest at Dr. B. R. Ambedkar University Delhi (among 200+ startup and research teams).
- 1st Prize – Venture Vault, TechFEST’24, SLIET (startup pitching competition).
- Certificate of Appreciation – Cultural Fest, SLIET (event and design team contribution).

Language

English , Hindi
